

1. Go to the TechSmith relay site <https://njms.techsmithrelay.com/myprofile#/> using your NetID and Password log into your personal TechSmith library.
2. Go to the gearshift in the top right hand corner and download the “Classic Recorder”

3. A new window will open and give you the options to download the recorder for your PC. Once downloaded click on the executable file in the lower left of your screen and complete the set up and installation.

## Launching TechSmith Capture (0s)

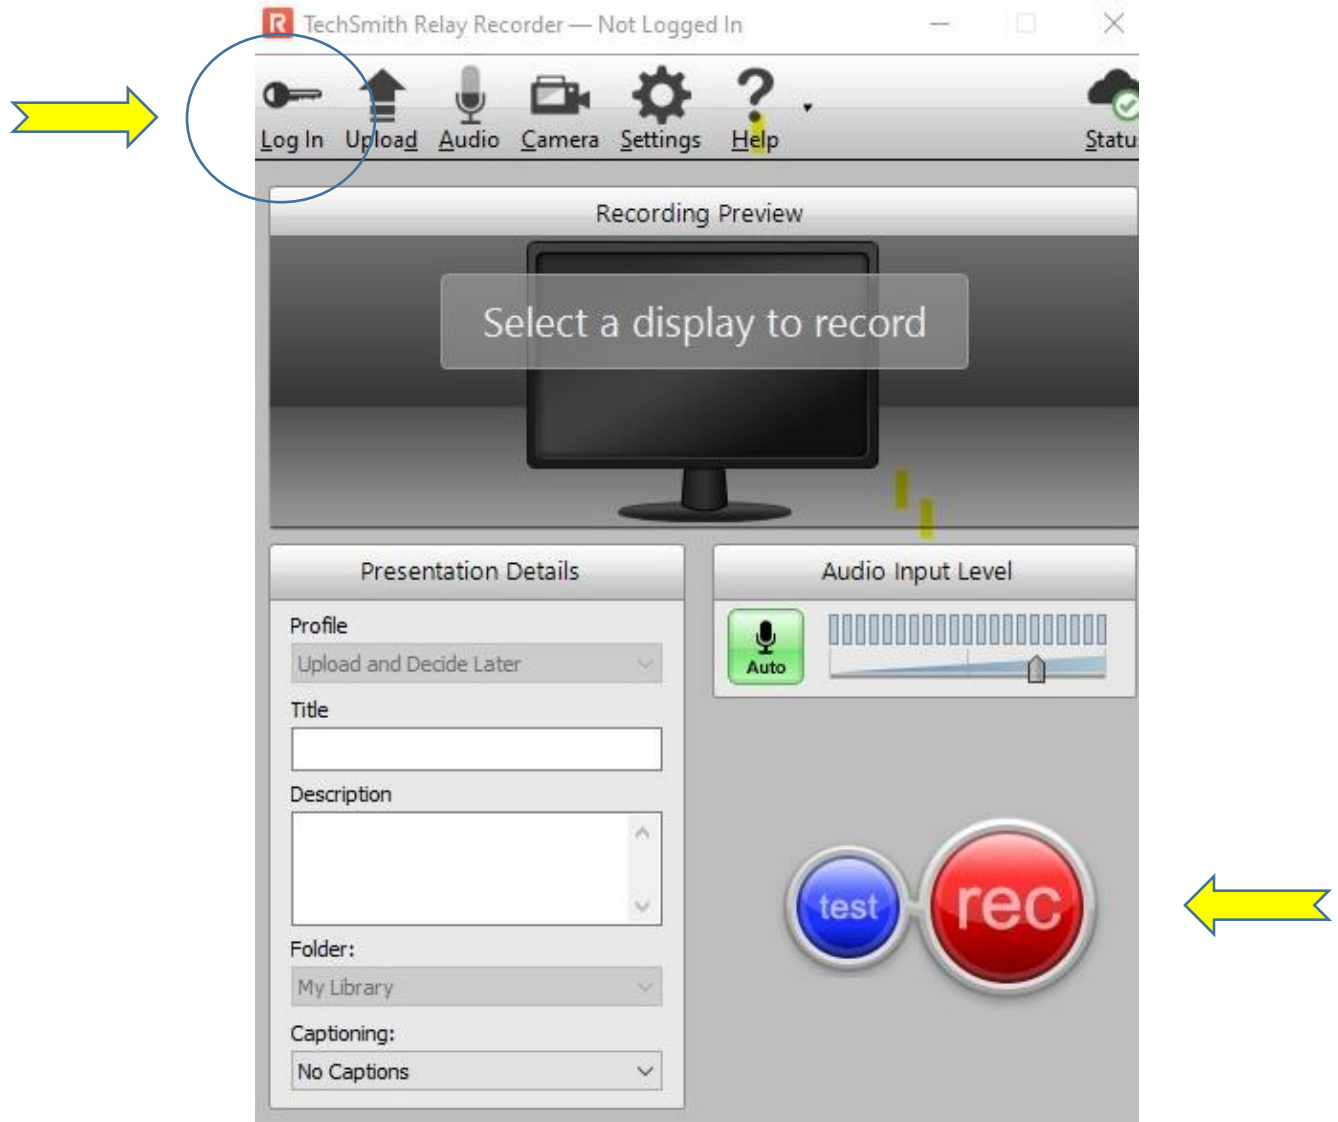

We are attempting to launch TechSmith Capture. If you do not already have it installed, click the download button below.

Download

Relaunch

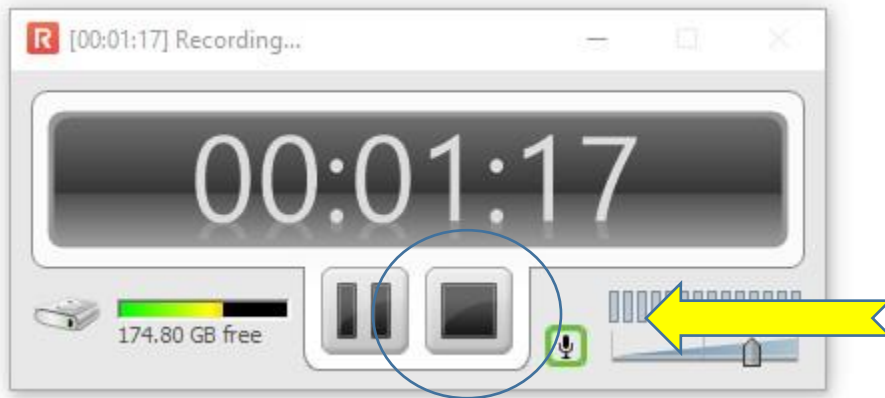

[Learn More](#) about TechSmith Capture.

4. Once you have successfully installed the Classic Recorder it should be located on your desktop. Open the recorder and log into it using your NetID and password.

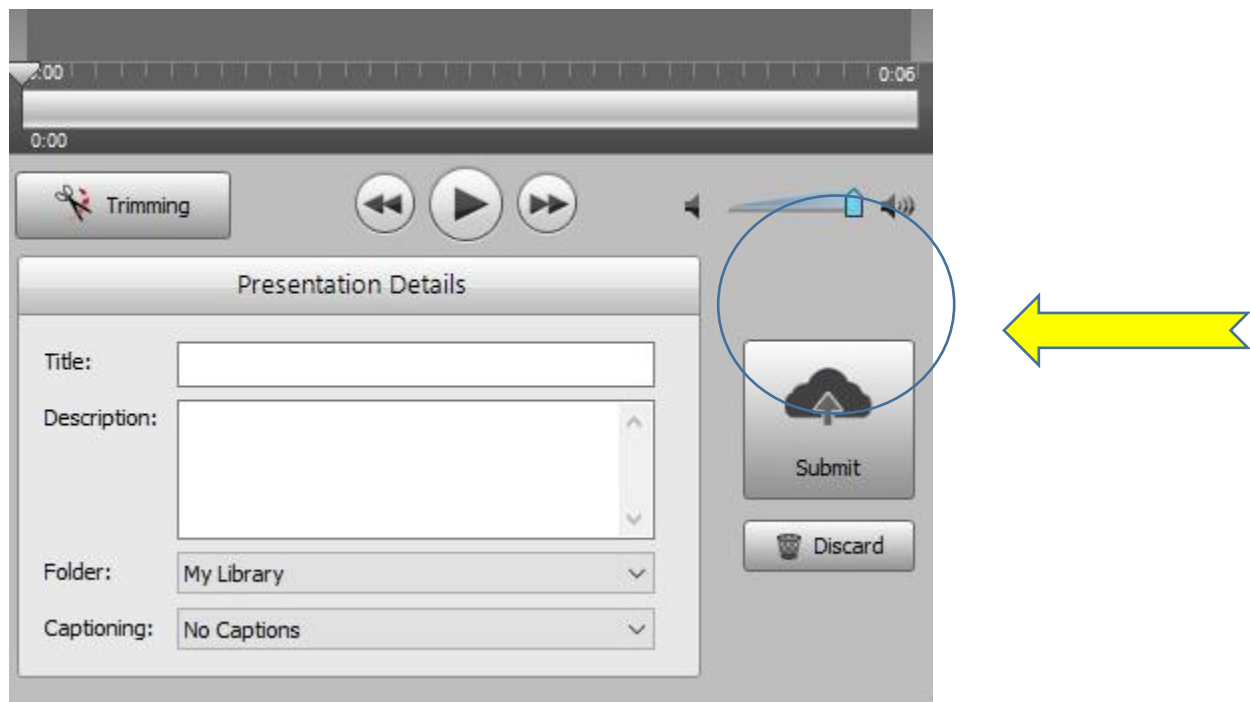

5. Once logged in, you can open your PowerPoint presentation. You must go back to the Classic Recorder and press rec for record, the system will give you a 3 second count down. You may then proceed with your presentation as usual.

6. After you have completed your presentation, you can stop the recording by hitting the Relay icon located in the task bar.

7. Once you stop the recording use the standard naming convention used in classrooms to save the presentation in your personal library by hitting submit.

**NOTE: IF YOU DO NOT HIT SUBMIT THE LECTURE RECORDING WILL BE LOST.**

8. Please email the AV team at [njmsavc@njms.rutgers.edu](mailto:njmsavc@njms.rutgers.edu) and they will move the lecture from your personal folder to your course folder.

PLEASE TELL AV THE COURSE NAME SO THEY CAN PUT THE LECTURE IN THE CORRECT FOLDER.

**1st Year Courses (B556)**
