Go to the gearshift in the top right hand corner and download the "Classic Recorder"

Go to the TechSmith relay site

<https://njms.techsmithrelay.com/myprofile#/> using your NetID and Password log into your personal TechSmith library.

A new window will open and give you the options to download the recorder for your PC .

Once downloaded click on the executable file in the lower left of your screen and complete the set up and installation.

Launching TechSmith Capture (0s)

We are attempting to launch TechSmith Capture. If you do not already have it installed, click the download button below.

[Learn More](#) about TechSmith Capture.

New Jersey Medical School

Once you have successfully installed the Classic Recorder it should be located on your desktop. Open the recorder and log into it using your NetID and password.

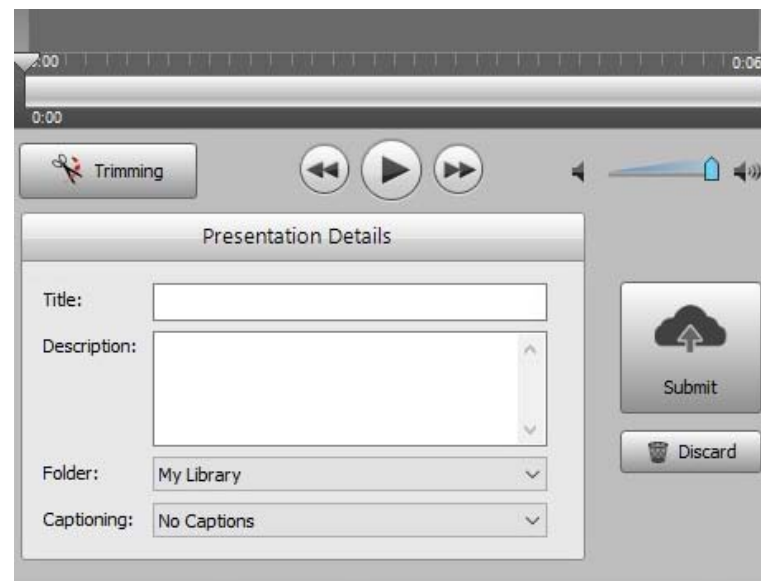

Once logged in, you can open your PowerPoint presentation. You must go back to the Classic Recorder and press rec for record, the system will give you a 3 second count down. You may then proceed with your presentation as usual.

After you have completed your presentation, you can stop the recording by hitting the Relay icon located in the task bar . Move to next page so step 6 wording is not split from the supporting image

Once you stop the recording use the standard naming convention used in classrooms to save the presentation in your personal library by hitting submit.

NOTE: IF YOU DO NOT HIT SUBMIT THE LECTURE RECORDING WILL BE LOST.

The screenshot shows a video recording interface. At the top, there is a progress bar with a play button and a volume icon. Below the progress bar, there are navigation buttons (stop, play, next) and a 'Trimming' button. The main section is titled 'Presentation Details' and contains the following fields:

- Title:
- Description:
- Folder:
- Captioning:

On the right side of the form, there are two buttons: 'Submit' (with a cloud upload icon) and 'Discard' (with a trash can icon).
